Chairman;  
Agent Orange Coordinating Council

RE: Your Packet Dated 15th July, 1993.

Dear Admiral Zumwalt;

I hope that this letter finds you and your family in good health.

I am in response to your recent packet dated 15th July, 1993, on the "Ivy Case". Please excuse the stationary, as I have ordered some new stationary with the new mailing address on it, and I did not want to wait till it came in, to write this letter.

In your memo with the packet, you stated that any organizational members of the Council interested in participating in the Amicus Curiae Brief, should contact you as soon as possible.

Since the VV/AOHS is a member of the AOCC, I would like to take part in the brief in question. Please let me know what is going to be needed by me at this end, and I will do it.

Also enclosed with this letter, is some comments that I have on the decision made by Judge Van Graafeiland dated 24th June, 1993, that was in your packet to me. I do not know how my comments can be used by the AOCC, but I think that someone should listen to them. Maybe you may want to turn them over to Rob Hager for him to use in the upcoming months, or you may include them in anything you do.

ADMIRAL ELMO R. ZUMWALT, JR. (Ret.)

RE: YOUR PACKET DATED 7/15/93 - Ivy.

The enclosed comments can also be given to the other members of the AOCC, if you see fit.

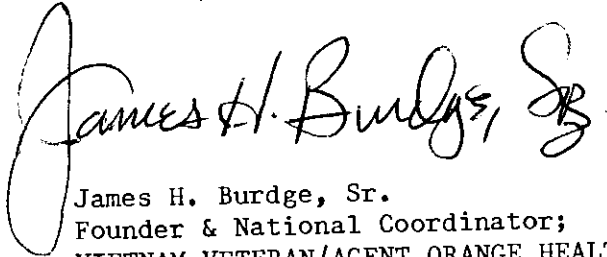

As you know, things are going to be moving along at a fast pace in the next few months with the whole Agent Orange/Dioxin issue, and we as Veterans' Advocates, should make the best of the time, before we are shut out of the process.

Keep in touch and let me know what I can do to help.

Welcome Home.....

With the best interest of the Vietnam Veteran, their families, and those who STILL feel the effects of exposure to herbicides in mind,

I remain;
