RE: OUR FIRST STATE COUNCIL CONVENTION.

d

Dear Admiral Zumwalt;

On behalf of Vietnam Veterans in New Jersey, I would like to thank you for the work that you are trying to do with regards to the Agent Orange issue, and the Agent Orange Coordinating Council.

Along with my being the National Coordinator and Founder of the Vietnam Veteran/Agent Orange Health Study, and other titles in the Veterans Community, I am also State Secretary and Agent Orange Committee Chairman for the above organization.

We are planning our First State Convention for the New Jersey State Council of Vietnam Veterans Of America, which would be held on 12th to 14th February, 1993, here in New Jersey. There will be many workshops at this convention, including a workshop on Agent Orange.

With this in mind, I was wondering if you would be available on one of the above days, to attend our workshop on Agent Orange, and take part in the workshop. If so, I would need to know what cost would be needed to have you attend, such as travel, room, meals, etc.

RE: FIRST STATE COUNCIL CONVENTION

I know that you are very busy, with the work that you do with this issue, but it would only be needed for you to attend for one day of the convention. I have given you the three dates so you can pick the date that you would be able to attend.

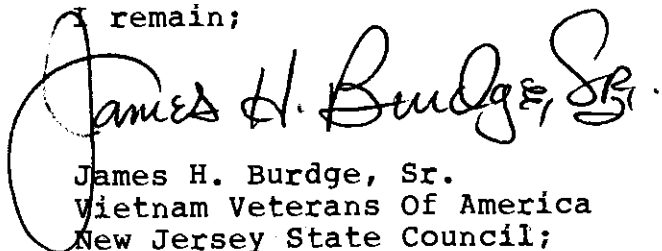

If for some reason you would not be able to attend, please let me know. If you are planning to attend, I would need to know what cost would be involved for the State Council.

I trust that you will get back to me in the near future, so our planning of the Convention can continue.

Keep in touch, and I hope that you and your family have a very Merry Christmas and a Happy New Year. Keep up the fine job that you are doing with the Agent Orange issue, and New Jersey will keep up the fight.

With the best interest of the Vietnam Veteran, their families, and those who STILL feel the effects of exposure to herbicides in mind,

I remain;
