Trenton, NJ 08625

Dear Governor Florio,

The dumping of Dioxin tainted sludge from Port Elizabeth into the ocean should not be allowed to happen. Should this first dumping occur it will open the flood gates to further dumping of toxic wastes. There are currently at least two additional dumping permits awaiting approval.

I've attached two editorials, one each from the Star-Ledger and NY Post, and my replies to those editorials.

Your support against this dumping would be appreciated.

Sincerely,

Michael Eckstein
