Dear Bud:

I understand that you would like to have whatever unclassified publications we have on the following subjects:

- The Jordanian crisis
- The Indo-Pak war
- The Yom Kippur war, and
- U.S. attitudes toward Bangladesh

I have enclosed the only thing we do have from that list: Professional Paper No. 108, dealing with the Indo-Pak war. Brad Dismukes is working on an unclassified paper on the Yom Kippur war, but he tells me that probably won't be finished before next summer due to the press of other work. We have nothing unclassified on either the Jordanian crisis or U.S. attitudes toward Bangladesh.

For what it may be worth, I am enclosing five other unclassified papers dealing with related matters:

- A 1971 paper on the Soviet Navy in the Indian Ocean
- A 1972 paper on the Soviet transits of the Turkish straits
- A 1974 paper on the Soviet Navy and the 1973 Iraq-Kuwait border dispute
- A 1974 paper on the Soviet port-clearing operations in Bangladesh, and
- A 1974 paper on the Soviets and Egyptian naval bases.

Sorry we don't have more of the things on your list, but I hope this much will be of some help.

Sincerely,

Russell Murray 2nd
