

Paule d. Wolfe

June 28, 1974.

Dear Ned,

You might not remember
me, but as I received your
Christmas message, I would
like to thank you.

Also I would like you
to accept my sympathy in
regard of your dear father's
passing on. Very often I am
thinking of Tom and I can
understand how proud of Tom
you must be.

It was good to know that
your family is fine.

Having a brother who came
to Canada about 20 years ago,
and is living here at Paule d. Wolfe,
a few miles from Montreal, I came

who she?
W. Wolfe's lady who
you got her in or show
the file 2

to visit him. On Sunday the 7th
July I'll go to Cleveland and
probably to Kentucky to visit
some American friends. Two
nurses, who were nurses during
the war. They use to be in
the same Medical Company of
which your dear father was
Colonel. From time to time,
at that time, they brought us a
visit and we kept in touch.
Distances are so long here,
compared with our small country
and I wish I had more time.

However I am most lucky
to be able to do it. On the
24th of July I have to be back here
to take the airplane to Munich.

I do hope this letter finds
you in good health and I
am wishing you and your
dear family the best of
everything.

Love
Aune Leeder
