Dear Bud,

It was good to hear from you,
and to know that the classics on
warfare will some day reside in the
War College library.

In a similar vein, I am enclosing
a pictorial history of the U.S. Navy.
I found it absolutely fascinating
and feel in you write, even though
I am sure that you have seen it
equal many times.

Sorry about the torn pages and somewhat
decrepit condition. An enterprising
library can patch it up.

My very best,
