Dear Bud,

How delightful I am that you can do this for us. I can promise you a stimulating morning, and if you can stay for lunch - we will arrange it at the quarters where we can have a few more students in a more relaxed atmosphere than is possible at the McHair Club.

When the syllabus to Course II - Domestic Environment & National Security, comes from the printers, I shall

get a copy to you right
away to allow you a
free overview of our
thrust in this course.

Really - I am looking
forward to the 24th -

Warm regards,

Duke
