

Dear Helen,

We only this week learned that you've lost Harry and want you to know how sorry we are. You and he were both so dear to my father and we appreciated how much you did for him. Harry was a man of such engaging personality and great good humor that I'm sure everyone loved him.

We are wondering about your plans for the future, Helen. You've mentioned how much better you feel living in the desert so we're hoping you plan to stay, especially with Kimberly being so close. Let us know and on our next desert trip we'll stop by for a visit.

(over)

For Harry Parode

Until then keep on smiling
through your tears. We shall
think of Harry often, always with
a smile on his face and a twinkle
in his eye.

All our love,

Dick and Saralee
