BOB SMITH, Chairman

October 24, 1974

Mrs. Chester W. Nimitz, Sr.
Congressman Del Clawson Dist.
→ Admiral Elmo Zumwalt, U.S.M. (Ret.)
Newport News Shipbuilding & Drydock Co.
George Matson - Newport News (Host) Lions
Douglass Hubbard - Admiral Nimitz Center
Captain Bryan Compton, U.S.N. (Nimitz-CVAN-68)
Barney Gill - #1,000,000th Lion (Virginia Beach, Va.)

I am sure that each of you would be pleased to learn that one of our Maywood Lion "Nimitz Launching" students, Beth Arthur, has been selected as Homecoming Queen for Bell High School. Bell is currently rated #1 in the Los Angeles City football league. (50 teams)

Sherry and Beth are seniors at Bell, both are varsity cheer leaders, and add their greetings to each of you. They, along with the Smiths and our Maywood Lions, will always be grateful for the interest that each of you gave to our project.

Bell High Notes

By Jeanine Krejci

Hi!

Our football team is really great this year. To match its spirit we have a fine pep club. Now, in years past, Bell's pep club hasn't been that great, but this year is completely different. Under the leadership of Anita Lagasse and Laurie Emrich, Bell's pep club has been, to say the least, loud and spirited. I just hope you girls don't start dropping out. We has a good thing going! Keep up the good work!

Since the last couple of years, school spirit has withered. It must come and go in phases because this year I can feel it picking up momentum. Dances, especially, are getting to be more and more popular. The Kick-Off Dance, which is tonight, is being sponsored by Girls' League. I meant to write about it last week, but I goofed. Valkeryies will be sponsoring the Homecoming dance, next in line on the calendar. It isn't 'til a little ways off and already, people are looking for prospective dates.

We've already had elections for homecoming queen and her court. Lots of girls are disappointed but it was a fair election. The winners are:

Maria Perez, Gracie Gonzales, Mercedes Escavel, Melody Wheeler, and the queen is Beth Arthur. I don't know of any person more worthy of that title. Besides, being a cheerleader and having a terrific academic record, Beth belongs to almost every service and honor club on campus. But what is probably most important, she considers herself superior to no one. Truthfully, that's hard to do. There are racial and ethnic tensions on campus. Each group tends to feel more superior than the next. We all know it shouldn't exist, but it does. We can't pretend everything is fine. I don't think one person could say Beth discriminated against others or anything like that. What can I say? Everyone feels about the same. Maybe her parents should be congratulated for bringing up such a fine person.

Time to close for this week. I've learned a few lessons in school but perhaps this is the most important: You may care for people and they may never have known it all because you never took the time to tell them. Have a happy weekend.
