Subject: Navy Memorial Log

Priscilla, please pass to the Admiral:

I have received Radm Hank McKinney's ltr of 10 March to me (copy to you and Bill Thompson).

It is a good letter, and a thorough, reassuring answer to all of the concerns expressed in my letter to him.

It will be an excellent step to provide that information in the next newsletter plus other information disseminated. Even more individuals would contribute inputs to the log when they know that it can be omitted from Internet broadcast.

I appreciated very much Hank's cordial and complete response. Seems he is following an old adage he heard from ... I wonder who it ... "Better to fire a hundred arrows in the air and have only ten of them hit the mark, rather than fire ten, and have none of them hit. " You picked the right man.

Very respectfully,
Emmett
