Dear Admiral Zumwalt:

This letter is to acknowledge receipt of your letter of application for the Presidency of The Monterey Institute of Foreign Studies and for your resume. The deadline for application was March 30, 1975, and, as anticipated, a very large number of applications were received.

The initial evaluation process is now taking place. To assure the fair consideration of each candidate, the evaluation process will, as you can appreciate, require considerable time. The Committee will, however, endeavor to reach a decision as soon as is possible and will be in touch with you as to its progress.

At the request of Mr. Allen Griffin, Chairman, and for the entire Selection Committee, I would like to thank you for your interest in the Institute as exhibited by your application.

Sincerely,

Donald B. Tallman
