Dear Mr. Alexander:

Your letter of 13 March received. Thank you for promptly informing me that our proposed joint venture to offer MoneyTrac as a FRA member benefit does not appear, in your view, to be a viable proposition.

I am informing my Committee members of this and they can incorporate it into their pending report. As you suspect, I believe they would have arrived at the same conclusion. The Committee is still desirous of obtaining the replies and comments of those FRA members surveyed to add to our knowledge and background.

It has been most enjoyable working with you and the members of The Travelers' staff. You are correct; we, too, feel it has been an educational process. We thank you for the hospitality and courtesy extended to us throughout our Association.

With every good wish, I remain in

Loyalty, Protection and Service,
