Dear "Boss":

Just a short note to thank you again for including Martha and me in last night's Annual Marrow Foundation dinner. From our perspective, it is indeed satisfying to be thought of as "friends of the Marrow Foundation". Although our means may be limited, our enthusiasm for the foundation's continuing work is not.

It was really great to have the opportunity to see Mouza and Jim again — the last time was some six years ago at your home, incident to Jim's return from the Gulf War. Time does have a way of passing by quickly...

It was a delightful evening. One we shall not soon forget. Thank you again for including us.

As an aside, I have linked up with Jill McGovern. We plan to get together on November 21st at her office to look at ways I may be able to assist in developing the computer base data you discussed. In the interim, I'm "boning up" on a few software programs which my sons tell me work great.

Martha joins me in sending our love to Mouza and the family.

Sincerely,
