

Dear Admiral Zumwalt,

I am writing to ask a small favor which means a great deal to me. Will you please personally sign the front of the enclosed photo and return it to me for my room? I certainly shall appreciate it, and I ask you to sign it on the front so the signature will be visible when the photo is framed.

Enclosed is a self-addressed, stamped envelope for your convenience in answering.

Please accept my warmest personal regards for your health and happiness, and I sincerely wish you and yours the best of everything in life - and as much success in your new career as you had with the navy.

Respectfully yours,

A handwritten signature in cursive script, appearing to read "Jim Wiggins".

Jim Wiggins
