Dear Admiral Zumwalt,

JAN 23 1991

We received our son's discharge certificate for which we deeply thank you for helping us to acquire it. I can't wait till our son returns from his business trip in Minn. to tell him. I thank the Navy for giving him the opportunity he took advantage of and got interested in computers.

You see, Admiral, he now is a director of advanced programs for Gov't. Systems. He works for Control Data and has been with them for 20 yrs. ^{over}

11.

I surely enjoyed my
Navy life back in the 40's
I was stationed at N.A.T.C.
@ 87th + Anthony in Chicago.
Oh, boy what a liberty
town that was. I was
Prtr. (M.) 2/c. and I had
charge of a Printing office.
I used to print the
liberty cards - gosh, I
had more sailors + marines
for friends (ahem) than I
could handle. (I was a good
catholic girl.) I surely
enjoyed my Navy life.

Time to do some house-
work - so once again,
thank you so much -

Take care - Love to
your family - Sincerely
Angela P. Hull
