Captain Lawrence J. Pringle
Chief Pilot
H.M. The Sultan's Flight
Brunei

Dear Lawrence:

My partner, Admiral Zumwalt, and I are planning a trip into your section of the world for two weeks in September 1994. The Admiral would like very much to meet with His Majesty the Sultan to discuss the possibility of the Sultan's supporting the United States Navy Memorial in Washington, DC. Attached is a copy of a letter that was sent to your chancellory in the United States on May 20. I am writing to seek your advise on how we might best proceed to accomplish the meeting described in that letter. Please advise.

Hope this finds you well. We are looking forward to the possibility of being with you in Brunei in September. In the meantime should your travels bring you to Washington, we look forward to seeing you here.

Sincerely,

Clyde Paul Smith
