Dear Admiral Zumwalt:

I was glad to speak with your assistant yesterday about some information and ideas that will enhance your upcoming return trip to Vietnam. As our NJAOC Executive Director Bill Lewis had explained to you, I made a return trip to Nam during the last two weeks of June, exactly 25 years after I made my first trip to Vietnam courtesy of the U.S. Army (101st Airborne Division).

Enclosed is a copy of the Montclair State University report about my trip that I based on the detailed diary that I kept while over there -- it should contain a variety of ideas that should make your trip more productive and comfortable. Regardless of what CBS/60 Minutes have planned for you, I strongly recommend that you contact (in advance) the wonderful personal guide that I had wherever I went:

Doan Quang Hien, Phone 292468, Fax 84.8.231202
Office: 150A Pasteur St., 1st Dist, HCM
Home: 337/5 Cach Mang Thang 8, Phuong 13, Q. Tan Binh, TP, HCM

Also enclosed are a couple photos from my recent trip, including my visit to Dr. Phuong at the Tu Do Ob/Gyn Hospital to discuss recent NJAOC research, her research, and to give the hospital a 486 notebook PC that I purchased for them with a grant from the Sea-Land Corporation. I am not sure when you plan to leave on your trip, but give me a call at my office at home (phone 908-548-2266, Fax 908-548-8871) and I would be happy to answer any other questions you have.

Sincerely,
