Judy -

Sorry to hear about the Admiral's illness, I hope he recovers fully and soon. We don't have a set deadline and expect to put receiving materials through the end of year.

Whenever he's feeling better, we'd appreciate his words of wisdom.

Jeff

Subject: Your request

Dear Jeff and Sandy:

I just wanted to let you know that we did receive your request for a short story or anecdote.

Admiral Zumwalt unexpectedly fell ill. He was admitted to the hospital only to learn that he had a malignant tumor in his chest cavity. He has had surgery to remove the tumor which also involved the removal of his left lung.

He is still in ICU and has remained in critical condition until just a couple of days ago. He is now considered to be in serious condition.

At this point, I don't know when Admiral Zumwalt will be back in full force so I can't offer you a time frame of when he will reply to your request.

I wondered if you had a deadline. Please advise. Thanks.

Judy Oh
Assistant to Admiral Zumwalt
