Dear Mr. LoBean:

We have been made aware your organization's effort to solicit support for the POW/MIA issue by encouraging involvement by all fifty states. Your efforts are appreciated and of interest to the League as we seek to demonstrate to the Vietnamese the unified interest of the American people.

We have found that officials in Hanoi are particularly sensitive to "representatives of the people," and certainly responsiveness by state legislatures, governors and other means of "grass-roots" support fit that description.

The League would appreciate receiving any progress report you may have compiled to enable sharing the information with our state coordinators and to encourage other states to join with us as we collectively seek the fullest possible accounting for our missing loved ones, your missing comrades.

Thank you in advance for any information you can provide and for the support you have already demonstrated.

Sincerely,

Mary C. Curral  
Director of Operations

MCC/ehc

PS: Enclosed is very current information, including the League newsletter which is distributed nationwide. Should you have any questions, please feel free to write or call.
