Dear Admiral Zumwalt:

I cannot get anyone to respond to me regarding my letters about Agent Orange being used in the Korean DMZ. I have written my 2 senators, John Edwards and Jesse Helms and I have written Senator Daschel. None of them have gotten back in touch with me. I am very frustrated that these men have not seen fit to even acknowledge my letters. I am especially frustrated with my own 2 senators.

I am writing to see if you have made any progress with Togo West or Senator Daschel or anyone else. I can't believe these people simply do not respond to letters.

I mentioned to a friend of mine, Retired Vice Admiral Ken Wheeler, that I had corresponded with you and he told me that he had served under you in Vietnam and I believe Ken said that he had been in charge of Navy supplies for Vietnam. I may have that incorrect, however that is my best recollection.

I look forward to hearing from you.

Very truly yours,

BENBOW AND PHILLIPS, P.C.
