

HAIG VISIT TO STENNIS

General Haig went to visit Senator Stennis last week (this is dictated on 26 October) to beg Senator Stennis not to hold hearings on him in connection with his appointment to NATO Command. Apparently General Haig is most concerned about what might turn up in any investigation.

Prior to the President's appearance on the Hill concerning Nixon's pardon, Haig spent a day in the White House trying to get Messrs. Marsh, Farnsfield and Hartmann to agree the President ought not to go.
