"QUEST FOR VICTORY"

October 3, 1988

Elmo Zumwalt, Jr., Admiral, U.S.N. Ret.

Re: Agent Orange

Dear Admiral Zumwalt,

Words cannot adequately express ones feelings with the loss of your son, nor will I try. One year ago, while you were in Seattle with Elmo, Mr. Frederick Case of the Seattle Times did an Agent Orange article on You and I. Like you, I have continued with my efforts to better understand the issue. The enclosures are just a few of the hundreds of new articles of information which have surfaced in the past year.

In closing, I would like you to know that, in the begining, I believed you were a part of this debacle. In the more than five years of my research, I am convinced that you were one of the very few to express their concern for the health and well being of the men. I believe in you.

Respectfully,

Joe Cole

Ps I hope the enclosures are of some value. Please share with others.

Mr. Joe Cole

Dear Joe:

Your letter of October 3 meant a great deal to me. I am delighted to have the benefit of your research and expect to put it to good use.

All of us who are dedicated to this cause need to work together to muster the raw naked power of public opinion. Surely in the end, we will prevail.

Sincerely,

E. R. Zumwalt, Jr.
