Dear Costa:

What a wonderful treat it was to get caught up with all that has happened to you. I deeply appreciated your hospitality on board your magnificent flagship.

I was very sorry to learn that you had never received a copy of my book, On Watch, but I have another one coming to you now, suitably inscribed.

We are thinking in terms of a Mediterranean vacation from the 29th of May until the 8th of June, 1981. Do those dates look suitable from your standpoint? If so, we can talk about the details as the time gets closer. We hope it will be possible for the four of us to be together again.

All best wishes to you and your family.

Sincerely,

E. R. Zumwalt, Jr.
