SOB Memo 1-14-99

1. San Antonio Meeting 22 April 99

Roger Kaplan went to San Antonio this week on a pre site visit. I will furnish you more details at a later date. Five Board members will attend this session (we plan an evening session, probably 6:00PM-10:00PM). Senator Rudman's schedule is not firm at this time, and he will designate an acting Chairperson if he is unable to attend this meeting.

2. OSAGWI will host a Town Hall meeting at Ft. Polk, Louisiana, February 22-26, 1999. Admiral Steinman is planning to attend this session. If you have an interest in observing the OSD-OSAGWI outreach effort this may be a promising session. Please let me know if you are interested in attending.

3. The attached letter from Admiral Zumwalt deserves your close attention. It contains a recommendation that the Board will be asked to consider. This letter was received in response to our recent submission to you on the Depleted Uranium case narrative. Your comments are invited.

4. Please contact me if you have any questions.
