Dear Admiral Zumwalt,

I enjoyed our telephone conversation and I look forward to further exploration of the important subjects discussed.

Please find enclosed the two documents cited in our discussion:

1. submission to Senator E. Kennedy as backgrounder for organizing his proposed Senate hearings on the urgent public health challenge created by microbial resistance to antibiotics and the dearth of new antibiotics
2. report from the UK House of Lords on the same issues

Please let me know how I can be of further assistance.

With best wishes.

Yours sincerely,

George Poste
