Dear Adam Zumwalt

Enclosed as a completed copy of my Ph.D. thesis, passed on 7 May 1997. You very graciously contributed to my research, and thus I felt that you might like a copy of the final, although as yet unpublished, version.

Your input into the project was unique, and very gratefully received. Without yours and other contributions from learned US officials, I doubt that my work would have attained the required standard.

Again, thus, I offer you my deepest gratitude. Should you have any further queries, please do not hesitate to contact me.

Sincerely

Dr Lee Willett
