Dear Mr. Tony

I am sorry for my late information in response to your FAX Message.

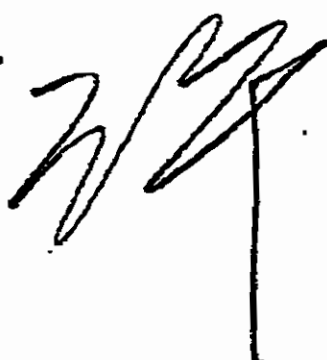

We are able to provide you with our business plans and detailed ways of cooperation in vietnam at least 10 days later from now because we are concentrated on the preparation for the first flight to Seoul these days and have to discuss it with Aviation company beforehand.

In principle, we agree to your cooperation to develop our air-business in vietnam.

Finally, I will give you all information concerning Air business in vietnam before your president visit vietnam.

Yours Sincerely,

M. H. Heo
