Admiral Zumwalt:

Thank you for your reply. I am sorry to hear of your wife's surgery and wish her a speedy recovery.

Should you wish to chat concerning my visits to Viet Nam since 1989, I would be most pleased and honored to share my experiences and thoughts with you.

I understand a Canadian Vietnamese had previously been in touch with you concerning a visit to Viet Nam. I wish to assure you the authorities in Viet Nam are most interested and willing to host a delegation of retired high ranking military officers who served in Viet Nam. Such a delegation would be received by the highest retired military leaders for a reunion by the Vietnamese side. Of course, as a Viet Nam veteran and as a person very interested in the future of Viet Nam, I would be honored to assist in the organization of such a visit. If any of your friends and associates would be interested in undertaking such a reunion, please do not hesitate to have them contact me at their first convenience.

Respectfully,

Brian Lewis
