ADMIRAL, U. S. NAVY (RET.)

21 January 1986

Mr. and Mrs. Richard Crowe

Dear Saralee and Dick:

The senior member of that branch of Admiral Kang's family in the Washington area, Phu Van Nguyen, has advised me that the following individual is in need of affidavits of support from someone in the Bakersfield area in addition to Admiral Kang in order to bring his wife and one additional child into the country:

Phat Tan Chung

I would be grateful if you could provide those affidavits. You can take this letter as my legal commitment that I would relieve you of any financial burden that might result even though, in all of the many times I have provided such affidavits of support, I have never been called upon to provide.

Could you let me know?

Love,
