Dear Admiral Zumwalt

On behalf of the Air Force and Army ROTC at Texas Tech University, thank you for your inspiring words presented during our Leadership Lab on 18 April 1996. Your comments about your command and other experience during your amazing career gave our cadets insight to effective leadership. Your remarks provided our cadets much needed firepower to lead effectively.

I personally was pleased to meet you as you're part of my personal military history--as a 2Lt personnel officer I remember hearing about the infamous "Z grams"! Once again, thank you for your support of the ROTC programs at Texas Tech University.

Sincerely

CATHERINE A. GARLAND, Colonel, USAF
Commander
