Dear Mr. Parchuk:

Thank you for your letter of July 2, 1992. I have written the attached letter to Dr. Reckner of Texas Tech University which I hope will be helpful for you.

All best wishes.

Sincerely,

Dear Dr. Reckner:

Attached is a copy of a letter from Darrell Parchuk who, as you can see, is highly motivated to participate in work related to Vietnam. With his B.A. in Social Work, Sociology, and English, and his motivation and language qualifications, it seems to me he could be a help in our research work.

Could you contact him direct?

All best wished.

Sincerely,

E.R. Zumwalt, Jr.

July 2, 1992

Dear Admiral Zumwalt;

I am contacting you in hope you can steer me in the right direction. It is extremely difficult to secure information at my level. I would like to become part of programs and projects, etc with Viet-Nam. I have wrote to my congressman and a fox to Bob Dalton, with no response at this time.

I would like to expand my talents and experiences and make a positive difference in the future of Viet-Nam. In short it's my lifes goal and desire. I am a former FMT HM3, I served in the DaNang area (1969) 3/26 1st Marine Division. I was also fortunate to serve Admiral Frank Jack Fletcher in his later years in Washington, a great experience to say the least!

I am attaching a summary of my background for your files, so please feel free to pass it on or please forward me possible starting points. It's like the old saying goes "I got no connections".

Thank you for your contribution to our country, and God bless.

Sincerely  
Darrell E. Parchuk
