

E. R. ZUMWALT, JR.
ADMIRAL, U.S. NAVY (RET.)
MEMORANDUM

TO: Ron Kendall

FROM: Admiral Zumwalt

DATE: April 28, 1999

SUBJ: Z-21

We are still working on meetings not yet set with Congressman Murtha and Congressman Lewis. Congressman Murtha has send word that he will speak to me by phone—he is out of town with a death in the family.

As you probably know, Steve Kornguth has completed the tie-in of the University of South Florida with our Trans-Texas initiative with a projected \$5 million to go to the University of Florida out of a now projected total of \$32 million.

In a telephone conversation with Congressman Young's staff today, I believe that they are interested in helping Vince Versage's initiative to get the \$32 million put into this years Kosovo supplemental. I estimate we have a 50 percent chance to bring that off; but, in any event, increasing support of getting it in the forthcoming budget.
