ADMIRAL, U.S. NAVY (RET.)

MEMORANDUM

TO: Dr. Kendall

FROM: Admiral Zumwalt

DATE: April 20, 1999

SUBJ: Z-19

Heartiest congratulations on the good news reported in your April 13 memorandum concerning Mr. San Gonzales' interest and the funding that would ensue.

I mentioned to Lynn Frame today that it would be great if it were possible for the scientists to be tied in with the operational training program so that Sam Gonzales and others can get the full picture of the potential synergism between operators and scientists in an actual event.

I am delighted that Mr. Gonzales wants to move quickly and that we have the mechanism in place for funding.

I hope that the tapes from the Army Surgeon General will be useful in preparing for the program.
