Dear Admiral Zumwalt,
I thought I heard you right this morning regarding the 15 million request!... but Steve Kornguth interpreted it as 3 M on top of the existing 12. He sounded more sure of himself than me, so we made the change. I was a little dubious whether it could be done for 3, so I'm glad that more will be requested.

Good luck on the hill. Thanks for all your support and enthusiasm regarding this project. Keep me updated, please.

By the way, the textile group met this morning, just to get ahead of the business at hand. They are very enthusiastic to get started with the design of new fabrics.

If I'm not available at the office, call me at home tonight, or in the morning.

806-797-5848.

My best,
Lynn
