Adm. Elmo R. Zumwalt, Jr., USN (Ret.)

A handwritten mark, possibly a signature or initials, consisting of a curved line and a checkmark-like shape.

Dear Bud,

Please accept my thanks, on behalf of the Naval Academy Alumni Association, for your generous gift of \$250.00 to the annual fund campaign. It is my pleasure to welcome you again to the Tecumseh Club of donors. A date bar for your plaque is enclosed.

In May, the Class of 1988 will be graduated from the Naval Academy. If one can estimate the future by means of history, in a few short years they will be admirals; generals; and leaders in the sciences, in education, and in industry as well. They will have defended their country; they will have been leaders in virtually every walk of life. Their success will be directly related to the education and training they have received at the Naval Academy. It is a superb institution.

The facilities and programs at the Naval Academy can and must continue to expand to maintain the superior standard of quality for present and future members of the Brigade. Your commitment of support to the 1988 fund has a definite impact. It helps ensure that the proud tradition of the Naval Academy continues and that the Superintendent of the Naval Academy has the resources to carry out his mission.

Again, my thanks for your thoughtful gift and my very best wishes.

Sincerely,

A handwritten signature in cursive script, appearing to read "Bill".
