MAY 24 1988

ALUMNI HOUSE • ANNAPOLIS, MARYLAND 21402 • (301) 267-7191

WILLIAM S. BUSIK  
Captain, U.S.N. (Ret.)  
Executive Director

Dear Alumnus,

We are making a concerted effort to update our professional file of all our alumni who are no longer on active duty.

The Naval Academy is one of the top 50 quality institutions in this country. As a result of this strong undergraduate education, many alumni have been very successful in their second careers. We would like to know more about you!

In addition to our desire to have our alumni records complete and correct, there are a number of other reasons for our maintaining this information. During the reaccreditation process at the Naval Academy, for example, the visiting accreditation board has numerous questions concerning the present status of graduates of the Academy. This is one measure of the quality of education. Also, by class and individually, alumni often desire to contact other alumni in specific areas of business.

We also get queries from midshipmen working on special projects. Normally, the question will be: "Can you give me the names of any alumni who are (or have been) in the oil business (or aircraft industry, or medicine, or law, or transportation, etc.)?"

In order to help us, I ask that you fill out the enclosed card indicating your current position and firm and return it at your early convenience in the envelope provided. I thank you in advance for your cooperation and you can be assured that your Alumni Association stands ready to assist you in any way that we can.

This information will be used for official Alumni Association business only in accordance with the Privacy Act.

If you are fully retired, please so note on the card, but do give us your last position.

Sincerely,

WILLIAM S. BUSIK
