U.S.S. PHELPS DD 360

June 6, 1991

Dear Mr Reckner,

We are most pleased & excited that you will undertake a project on the Phelps.

As permanent president of the USS Phelps Association permission is hereby granted.

I have verbally discussed this with the Vice-president & several directors, and they all highly concur with the decision.

Some years ago one of our shipmates, Roger Jones, put together a brief history book on the Phelps and if you're interested I'll gladly loan it to you. I have only one copy.

No word yet from Chris Phelps on his term paper which I'm anxious to read. Enclosed is a copy of our last newsletter.

Sincerely,

Harold Placette
