Gentlemen:

As a member of the National Advisory Board of Directors of National Flag Celebration, Inc., I wish to express to you and the family of Home Shopping Network that we are proud to have your organization on our patriotic team.

With the golden anniversary of WWII that we will be remembering for the next four years, the products we propose for that time period will be in demand.

We at National Flag look forward to a long and happy relationship with Home Shopping Network.

Your interest and support proves that the leadership of your organization believes in the ideals that the flag of our country represents.

We wish the Home Shopping Network, the staff, employees, and their families a very happy new year.

Sincerely,

*H. Edward Williams*
