

Hi Chief,

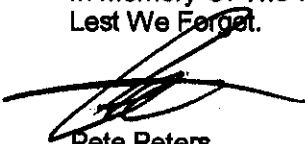

As promised, enclosed are copies of the items that you are donating to the USS Frank E. Evans Archives. I am returning these copies for your records. I have taken the liberty of enlarging the photo of the initiation of Chief Willie King at the Pearl Harbor Chief's Club and added the names as given by you. I am enclosing a photocopy of the list of survivors and also, I scanned the three pictures of the stern end of the Evans in the South China Sea and the memorial pamphlets from both the Kearsarge memorial and the Long Beach Naval Station memorial.

The originals of these forms have been sent to J.C. Campbell, President of the Evans Association, for placement in the Archives.

I have enclosed a list of some of the Evans crew that you may remember and want to contact. As we discussed, I have added your name and information to this list, also.

I really enjoyed talking to you about our time aboard the Evans and would like to keep in touch. Anytime you are down around the Los Angeles area, please let me know so we can get together.

In Memory Of The 74,
Lest We Forget.

Pete Peters
Director Of Survivor Relations
USS Frank E. Evans Association
