Hi

Well I have shot 750 feet of film.
I really had to work hard. When we
work we work but when we play we
play.

I don't know if I told you but Jim
Antonie married that girl from Muskegon.
I got a wedding invitation from them only
it was two months late getting to me.

I sure hope the tigers win the pennant.
I have been following them in the papers
but we don't get the ~~papers~~ scores untill
three days after they happen. Thanks
for the clippings.

I've been fighting a damn cold since
I've been here I went to the doctor
yesterday and I feel really good today.
