

CITATION

for

ARMY COMMENDATION MEDAL

Captain CHARLES C. CONN, 05 515 159, Signal Corps, United States Army, distinguished himself heroically while leading his men, under combat conditions, to obtain pictorial coverage of the United States Army's humanitarian actions in Santo Domingo, during the period 5 May 1965 to 20 June 1965. Captain CONN was able to obtain exceptional motion picture footage while under hostile fire. He bravely led his team into action to film advanced units of the 82nd Airborne Division. This Division was actively engaged in capturing prisoners of war, food distribution, and riot control. Captain CONN experienced extreme danger and prolonged physical hardships, however, in spite of all these adversities he maintained his team as an effective military unit and brought heroic credit to himself, the Chief of Communications-Electronics and the United States Army.
