Dear Mr. Gilster:

Thank you for your message. I am glad the labels arrived and look forward to seeing the materials. I will let you know when the slides arrive.

Just to remind you, we will scan all of your slides and send copies of them to you on a CDROM. These are usually JPEG but we could also include high resolution uncompressed TIF files. It might be cheaper for you to have prints made from high resolution scans, and I have been told that the quality is very good. Just let me know if that is what you would prefer doing.

Sincerely,

Steve
