Dear Tom,

Thank you for the assistance you provided last week in helping me find information for my fellow federal employee here in Seattle. As you may recall, my wife and I stopped by and requested that your staff assist us in locating information about "PCF" Swift boats service during the period September 1966 to September 1967.

You were able in the space of about one-half hour to provide me with exactly the documents I needed to assist my friend in his Veterans Administration disability claim. However due to time limitations there were a few additional documents that I did not have the time to xerox. Would it be too much to ask to have you Xerox, at your convenience, the few remaining documents that Mr. Martin needs for his claim?

Here is a list of the documents and their approximate location in your archives.
