SUBJECT: Combat Operations After Action Report (MACV/RCS/J3/J2)

12 March: 1st Bde continued road/engr security, night ambush patrolling and convoy security operations and conducted reconnaissance in force and cordon and search operations along Hwy 4 with 5-60 Inf (M) (-), 2-39 Inf and 2-60 Inf (-). 2-39 Inf secured FS/PB FELS, conducted a cordon and search of AP MY CAN (vic XS243503) in cooperation with PF elements, and conducted Hwy 4 security and night ambush operations in western AO CRACKERJACK. PF intelligence platoon was transported by air to an LZ north of the town (vic XS243508) (1st lift off 0757H). B Co and C Co were moved to the LZ by airmobile company (1st lift off 0802H; 3d lift down 0834H). The operation commenced at 0845H with B and C Cos forming a cordon of the village and the PF plat conducting the search. The search was completed at 1130H, and the participating units were extracted and transported to Dong Tam by air (1st lift off 1140H; 3d lift down 1159H). The PF intel plat detained 16 persons for further processing and interrogation. Gunships reconnoitering the AO drew AK47 fire at 1037H vic XS301468 (no hits) and returned fire with unknown results. At 1350H vic XS-251500 a 3/4 ton trk belonging to the bn was engaged with a command detonated mine. The truck received light damage. There were no US casualties. A Co & E Co were returned from Dong Tam to FS/PB FELS by air to secure the FS/PB (1st lift off 1429H; 4th lift down 1515H). B Co and C Co remained overnight at Dong Tam to accomplish unit administrative and logistical functions. 2-60 Inf (-) conducted a reconnaissance in force to the south of Hwy 4 vic of Ap Dong (XS335501) and conducted night ambush patrolling along the road. B Co & C Co began their reconnaissance at 1000H. B Co deployed along and to the north of Hwy 4 (XS331502 - XS339503 - XS347504) and reconnoitered south. C Co deployed along the secondary road south of the village (XS332497 - XS335497 - XS348500) and reconnoitered north. At 1132H the units linked up vic XS338503. At 1200H B Co received AW fire from vic XS332496 while loc vic XS334497. The company returned the fire with SA with unknown results. One US WIA was incurred (dust off completed at 1223H). Upon completion of dust off the company moved back into the area south of Hwy 4 but was unable to reestablish contact. At 1415H the cos detrucked and began to move east down Hwy 4 to their new RON positions. At 1425H B Co received two mortar rounds from vic XS332493. Arty was fired into the area. There were no US casualties. The units detrucked at 1515H and continued on foot. B Co closed at its RON position (vic XS410487) at 1715H. C Co closed at its RON position (vic XS450471) at 1600H. At 1300H Scout Plat, 2-47 Inf (M) was released from OPCON of 5-60 Inf (M) and was placed OPCON of 2-60 Inf. 5-60 Inf (M) (-) continued to secure engr elements working along Hwy 4 in AO CRACKERJACK, conducted night ambush patrols, provided convoy security escort and secured FS/PB JAGER. A Co secured elements of 86th Engr Bn vic FS/PB HESSIAN. B Co displaced from FS/PB FELS to FS/PB JAGER. Enroute at 1710H vic XS299499 one of the cos APC's hit a mine. Five WIA required dust off (completed at 1756H). C Co remained OPCON of 3d Bde. Scout Plat found a command detonated mine at 0934H vic XS341503 consisting of a US 105mm howitzer round fitted with a peculiar type of blasting cap. While 86th Engr Bn personnel were attempting to disarm the mine, a booby trapped WP grenade was set off burning one engineer (dust off completed at 1006H). The mine was de-activated, the shell destroyed and the blasting cap evacuated to Dong Tam. Another command detonated mine consisting of two 105mm rounds was also found and destroyed at the same location. C/3-17 Air Cav continued its overwatch of Bde area of operations and reconnoitered targets throughout Ding Tuong Province. The trp reported numerous sightings of enemy activity, bunkers and field fortifications (see 1st Bde SPHINX). At 0843H vic XS246561 the trp observed 20 VN in the area, two packs and a weapon. Two men nearby on a sampan pulled out a rifle when helicopter flew over. The aircraft engaged the sampan, destroying it and killing two VC (BC). Arty was fired into the area after the LFT left, with unknown results. At 1100H vic XS470395 the trp received AW fire from 2 huts and returned the fire with unknown results. At 1300H 1st Bde FAC vic XS088655 reported 10 large sampans. C/3-17 was dispatched to loc and received 50 cal MG fire and SA fire from all over the area. The entire canal was lined

with bunkers and showed signs of heavy activity. C/3-17 returned fire and an air strike was called in. Results (all by air strike): one large bunker, 2 sampans and 20 meters of trench destroyed and two spider holes damaged. At 1615H vic XS271573 the trp observed 18 VC in uniform occupying an extensive bunker complex. Arty was fired into the area. While accessing results of arty fire, gunships sighted, engaged and killed three VC (BC). Four additional VC were KIA (possible) by arty. At 1923H LFT overflying AO engaged and sunk three sampans vic XS302573 and killed 1 VC (BC). Two other probable kills were reported.

13 March: 1st Bde continued road/enge security, night ambush patrolling and convoy security operations along Hwy 4 with 2-39 Inf, 2-60 Inf (-) and 5-60 Inf (M) (-). 2-39 Inf secured FS/PB FELS, and conducted Hwy 4 security & night ambush operations in western AO CRACKERJACK. A Co and E Co patrolled Hwy 4 and the adjacent fields and paddies. At 1330H vic XS296503 E Co found & destroyed five freshly constructed fighting bunkers. The company returned to FS/PB FELS, closing 1445H. B Co and C Co returned to FS/PB FELS from Dong Tam by air (1st lift off 1338H; 4th lift down 1450H). B Co left the FS/PB at 1541H and set up a RON patrol base to the west vic XS253498. At 1728H vic XS250504 Plat, B Co AP engaged an estimated four VC who returned SA & AW fire and broke contact at 1745H. There were no US casualties. VC casualties are unknown. At 1832H vic XS255505 2d Plat, B Co AP found six L-shaped fighting bunkers (approx three days old). The plat began destruction (to be completed and graves dug up tomorrow). At 1915H vic XS256505 the plat found a well used and concealed tunnel running south to west and applied CS to restrict its use. 2-60 Inf, with OPCON of Scout Plat, 2-47 Inf (M), continued night ambush patrolling and secured Hwy 4 in eastern AO CRACKERJACK and provided security escort for DISCOM convoys between Tan An and Dong Tam. (Delayed entry: At 122230H C Co observed ~~error~~ fifteen VC moving toward its position and set up a hasty ambush but was unable to make contact.) During the day B Co and C Co patrolled Hwy 4 in zone. At approx 0930H C Co located a grenade planted in the middle of the road with a wire running from it down into the road (destroyed by engineers). Scout Plat, 2-47 Inf (M) escorted DISCOM convoy (dept RON position 0948H, dept Tan An 1110H, ar Dong Tam 1325H). At 1750H vic XS402491 a plt of B Co discovered a complex of 50 bunkers. The plt destroyed 25, exhausting the explosives it had with it. (Remaining 25 bunkers will be destroyed tomorrow.) The battalion established two company size patrol bases vic XS403491 and XS449481 for staging night ambushes. 5-60 Inf (M) (-) continued to secure engr elements working along Hwy 4 in AO CRACKERJACK, conducted night ambush patrols and secured Hwy 4 in the central portion of AO CRACKERJACK and secured FS/PB JAGER. At 0220H vic XS342503 2d Plat, A Co AP was engaged with SA & AW fire. A nearby LP also received fire and was called in. A few mortars were also received. Arty and province LFT supported. Contact was broken by VC at 0225H. There were no US casualties. A sweep of the area at first light confirmed 1 VC KIA (BC). A and B Cos secured engr work parties along the road. 1st Plat, A Co escorted an engr convoy from FS/PB JAGER to Dong Tam. At 0758H vic XS340503 the company found and destroyed a grenade. The company found several road blocks which were subsequently cleared by engr. At 0925H vic XS313501 1st Plat, A Co found and destroyed a booby trapped M-26 grenade. At 0947H in the same vicinity the plat found and destroyed two more M-26 grenade booby-traps. At 1750H A Co departed FS/PB JAGER and set up a RON patrol base vic XS335508. B Co reported that the APC damaged by a mine yesterday had been destroyed by an RPG during the night. The company also escorted engr elements engaged in clearing roadblocks and filling craters. At 1145H the company reported the road clear for two way traffic. At 1925H vic XS298499 E Co, 2-39 AP received AW fire from the north by an estimated five to ten VC. The AP returned fire, and E Co fired mortars. Arty also supported. Contact was broken by VC at 1945H. VC casualties are unknown. The AP swept the area without significant findings. The sweep produced no contacts or significant findings, and the company closed into its patrol base at 1420H. (Patrol base remains located vic XS449482). B Co conducted mine sweep of Hwy 4 throughout the battalion AO and conducted squad-size patrols in the vic of its CP. At 1245H the unit coordinated the dust off of a VN girl wounded in the head by VC (evac through ARVN channels) (dust off completed at 1327H). B Co patrol base remains located vic XS407492. At 1935H during reconnaissance by fire with 81mm mortars, a short round resulted in two men wounded (routine dust off). Investigation is proceeding. C Co remained OPCON of 3d Bde. Scout Plat, 2-47 Inf (M) assisted in the A Co block and escorted 2 DISCOM convoys (dept DONG TAM 0803H, ar TAN AN 1010H, dept TAN AN 1300H, ar DONG TAM 1450H). A/5-60 Inf (M) (temporarily OPCON of 2-60 Inf) remained in its blocking position (vic XS481517) during the night. At 0730H the unit found one VC corpse during a sweep of the area into which they had fired during the night. At 0937H the co terminated its block and returned by motor to FS/PB JAGER (released from OPCON upon departure). 5-60 Inf (M) (-) continued to secure engr elements working along Hwy 4 in AO CRACKERJACK, conducted night ambush patrols, secured FS/PB JAGER, conducted a MEDCAP, and conducted integrated US/RF night ambush patrols (4 VN per platoon), designed by 1st Bde to bolster the confidence and combat effectiveness of RF elements while enhancing the effectiveness of current US operations. A Co was released from OPCON of 2-60 Inf and returned from its blocking position, closing FS/PB JAGER at 1028H. The unit assumed the mission of securing the mission of securing the FS/PB upon arrival and assisted in the escort of engr elements working on Hwy 4. B Co conducted mine sweep of Hwy 4 in battalion AO, secured engr work parties along the road, and prepared for combined night combat operations with RF elements from VINH KIM. During the night the company began the first joint US/RF night ambush and combat operations with four RF personnel integrated into each US platoon ambush patrol. Scout Plat maintained two APC's at FS/PB HESSIAN overnight. At 0346H the FS/PB received a mortar attack. Counter-mortar concentrations were fired with unknown effect. There were no US casualties. During the day the platoon secured the battalion MEDCAP conducted at AP HA vic XS366486.

18 March: 1st Bde continued road and engr security, night ambush patrolling and convoy security and conducted reconnaissance in force operations along Hwy 4 with 2-39 Inf, 2-60 Inf (-), and 5-60 Inf (M) (-) and in close cooperation and coordination with RF and PF elements. 1st Bde continued its program of conducting combined operations with RF and PF units to bolster their confidence, experience and combat proficiency and also to enhance the effectiveness of current US operations. 2-39 Inf secured FS/PB FELS and conducted Hwy 4 security and night ambush operations in western AO CRACKERJACK. The battalion patrolled Hwy 4 and conducted a MEDCAP. Battalion Headquarters remained at FS/PB FELS. All ambush patrols and listening posts closed on their CP's by 0750H. Battalion Headquarters secured a MEDCAP at CAI LAY village. A Co patrolled north out of FS/PB FELS. The company departed the FS/PB at 0805H and crossed Hwy 4 moving north. At 0823H vic XS272507 the unit located an 82mm mortar dud (destroyed in place 0840H). The company then continued its reconnaissance north (XS275510 - XS274512) without further incident, closing FS/PB FELS at 1210H. B Co maintained its separate patrol base at vic XS250498 and conducted mine sweeping of Hwy 4 and patrolling along the highway. The unit completed sweeping Hwy 4 from CAI LAY to FS/PB FELS without incident at 0850H. At 1013H 1st Plat & 3d Plat left the co CP and reconnoitered northeast along a trail north of Hwy 4 (XS240504 - XS265507), closing the CP at 1240H without incident. At 1503H the unit received three rounds of sniper fire from vic XS240497 and swept the area without contact or significant findings. There were no US casualties. C Co secured FS/PB FELS. At 1433H the company left the FS/PB to conduct a night raid on a suspected VC 82mm mortar position believed located vic XS296483. The unit reconnoitered past the suspected site from the south and set up an initial ambush site vic XS299488 from which to stage their night raid. At 0815H the unit completed the mine sweep of Hwy 4 from FS/PB FELLS east to the boundary of the battalion AO without incident. At 1645H the unit apprehended two detainees vic XS296500 (evac to DONG TAM IPW). 2-60 Inf (-), with OPCON of Scout Plat, 2-47 Inf (M), continued night ambush and local security patrolling, secured Hwy 4 in eastern AO CRACKERJACK and provided security escort for DISCOM convoys between TAN AN and DONG TAM. Battalion CP remained vic XS469481. All ambush patrols and listening posts closed their CP's by 0748H. A Co maintained its separate patrol base vic XS449483 and conducted Hwy 4 mine sweep and road patrolling in the eastern portion of the battalion AO. At 0945H vic XS-435486 the unit found and destroyed a booby-trapped US hand grenade and discovered and destroyed two more vic XS431489 (also booby-trapped). At 1105H vic XS435488 the company found and destroyed one bunker. B Co maintained its separate patrol base vic XS407492 and conducted mine sweep and road patrolling in the western portion of the battalion AO without incident. C Co remained OPCON of 3d Bde. Scout Plat, 2-47 Inf (M) escorted two DISCOM convoys between DONG TAM & TAN AN without incident, (dept DONG TAM 0826H, ar TAN AN 1100H, dept TAN AN 1130H, ar DONG TAM 1338H). 5-60 Inf (M) (-) continued to secure engr elements working along Hwy 4 in AO CRACKERJACK, secured Hwy 4 in central AO CRACKERJACK, secured FS/PB JAGER, conducted integrated US/PF night ambush and combat patrols (4 VN per plat), and conducted a co-size reconnaissance in force south of Hwy 4 in close cooperation and coordination with an RF co from VINH KIM. Bn Hq's remained at FS/PB JAGER. Province officials reported that US arty fired at 171942H against VC reported tampering with Hwy 4 vic XS340502 resulted in 2 VC KIA & 4 VC WIA (bodies recovered & WIA captured by RF/PF elements). All ambush patrols and listening posts closed on FS/PB JAGER by 0800H. A Co conducted a reconnaissance in force south of Hwy 4. The unit rendezvoused with the RF Co from VINH KIM at 0830H vic XS365476. The combined force began its opn at 0910H, reconnoitering to the east along the secondary road from SP vic XS331498 to intersection with Hwy 4 vic XS345501. At 1010H the force found approximately 50 foxholes located from vic XS330502 to vic XS335502 (to be filled in n 19 Marcy). At 1115H the sweep was completed without further findings and the company returned to FS/PB JAGER. At 1200H, while enroute, the unit apprehended 6 detainees (evac to DONG TAM IPW). B Co conducted combined night ambushes and a night combat operation with a PF plat integrated into its patrols (4 VN per US plat). At 0247H 2 ambush patrols south of Hwy 4 linked up at the LD for a night attack to the north across Hwy 4 (vic XS339499). Two other ambush patrols joined together to establish a block astride Hwy 4 vic XS330501 (in position 0301H). At 0313H the attacking force crossed the LD and proceeded north. At 0345H the force checked out a pagoda vic XS339501 reported to be occupied by VC. The pagoda was unoccupied, but one VC flag was captured and an assortment of VC literature was found in the pagoda and evacuated. Approximately 50m north of the pagoda the attack force discovered a bunker complex that was apparently used as a VC training camp (to be destroyed). The operation was completed without contact or further incident, and the ambush patrols separated and took up new positions for the remainder of the night. During the day B Co secured FS/PB JAGER, conducted mine sweep of Hwy 4 in the bn AO & secured engr elements along the highway without incident. 21 March: 1st Bde continued road and engr security, night ambush patrolling and convoy security and conducted reconnaissance in force operations along Hwy 4 with 2-39 Inf, 2-60 Inf (-), and 5-60 Inf (M) (-) and in close cooperation and coordination with RF and PF elements. 1st Bde continued its program of conducting combined operations with RF and PF units to bolster their confidence, experience, and combat proficiency and also to enhance the effectiveness of current US operations. 2-39 Inf, with OPCON of C/3-17 Air Cav, secured FS/PB FELS and conducted Hwy 4 security and night ambush operations and aerial reconnaissance in western AO CRACKERJACK. The bn patrolled Hwy 4, conducted reconnaissance in force operations with the 839th RF Co and conducted a MEDCAP. Bn Hq's remained at FS/PB FELS. At 0100H FS/PB FELS received 8 rds of fire from a mortar of unknown size. All rds impacted outside the perimeter. There were no US casualties. Counter-mortar concentrations were fired with unknown effect. VC casualties are unknown. Night ambushes were terminated without incident and closed on their CPs by 0637H. At 0852H A Co was given the mission of being prepared to conduct an airmobile assault to reinforce 3-47 Inf in contact near a suspected mortar/rocket position vic XS335443 (1 plat on 1 hour alert). During the morning the co conducted local patrolling around FS/PB FELS without incident. 2d Plat conducted an airmobile assault into an LZ vic XS271490 and reconnoitered through the area where C/3-17 Air Cav had made sightings and engaged several VC during the day (lift off 1347H; touch down 1351H). At 1522H the plat closed back on FS/PB FELS with 1 detainee apprehended vic XS299490 (evac to DONG TAM IPW). During the night the unit assisted in securing the FS/PB and mounted one squad ambush patrol. B Co conducted Hwy 4 mine sweep with 2 plat's and patrolled to the north of the road. At 0952H vic XS264506 1st Plat found and destroyed 5 bunkers. At 1030H vic XS253504 the plat captured a VC flag, and vic XS253505 it located and destroyed 15 bunkers with overhead cover. 3d Plat patrolled to the north of the road without incident. Both platoons closed on the co CP at 1055H. At 1440H the unit displaced its RON position to vic XS248498, closing at 1540H. During the night the co mounted 4 plat size ambush patrols with six PF personnel integrated into each. The bn also conducted a combined reconnaissance in force operation north of Hwy 4 with the 839 RF Co. At 0735H C/5-60 Inf (M) became OPCON of 2-39 Inf. This unit picked up the 839 RF Co vic XS368446 and moved with it into a blocking position vic XS313514 (in position 0843). The co's APC's screened the southern flank of the operation. C/2-39 departed FS/PB FELS at 0640H and crossed their LD vic XS286518 at 0800H, reconnoitering to the northeast against the mech co and RF co block. The operation was concluded without incident at 1050H. C/5-60 Inf (M) was released from OPCON, and the units returned to their bn CP's, closing FS/PB FELS at 1341H and FS/PB JAGER at 1123H respectively. The opn produced no contact or significant findings. During the hours of darkness C Co, 2-39 Inf secured FS/PB FELS. E Co conducted mine sweep of Hwy 4 from the eastern bn boundary to FS/PB FELS and conducted local patrolling and road patrols without incident. The co mounted three squad ambush patrols. C/3-17 Air Cav (OPCON of 2-39 Inf) conducted intensive aerial reconnaissance concentrated on southwestern AO CRACKERJACK. The troop made numerous sightings of enemy activity and field fortifications throughout the area (see 1st Bde SPHINX). At 1104H vic XS288473 the troop received fire from 4 bunkers and sighted and engaged several VC, killing two. There were no US casualties. At 1120H vic XS258472 the troop observed a large structure and killed 2 VC who had tried to take evasive action. At 1235H vic XS291520 4 VC were sighted and taken under fire with unknown results. (CHAU THANH census-taking team did not work, eliminating the requirement for the co to furnish a plat security force.) Scout Plat, 2-47 Inf (M) escorted a DISCOM convoy from DONG TAM to TAN AN (dept DONG TAM 0730H, ar TAN AN 0835H). At 1020H the plat departed TAN AN and escorted a convoy of POL tankers to DONG TAM, arriving at 1148H. After the tankers unloaded they were escorted back (dept DONG TAM 1315H, ar TAN AN 1430H). Returning from TAN AN, the platoon picked up an A/3-34 Arty convoy at TAN HIEP and escorted it to DONG TAM, arriving at 1605H. The bn mounted seven squad ambush patrols and one roving night patrol. 5-60 Inf (M) (-) continued to secure engr elements working along Hwy 4 in AO CRACKERJACK, secured Hwy 4 in central AO CRACKERJACK, secured FS/PB JAGER, conducted a MEDCAP, and conducted integrated US/PF night ambush patrols (4 VN per plat ambush patrol). Bn Hq's remained at FS/PB JAGER. Night ambush patrols were terminated without incident and closed on their co CP's by 0643H. A Co conducted Hwy 4 mine sweep in bn AO, secured engr elements working along the road and secured a bn MEDCAP at LONG DINH (vic XS379496). The co displaced to RON at FS/PB FELS, dropping off two integrated US/PF plat ambush patrols enroute. During the morning B Co returned from its RON at FS/PB FELS and secured FS/PB JAGER. The co mounted 1 plat night combat patrol which was terminated in a plat ambush along Hwy 4. C Co became OPCON of 2-39 Inf effective 0735H and participated in a combined US/RF reconnaissance in force operation, being released from OPCON upon closing back on FS/PB JAGER at 1123H. The unit secured FS/PB JAGER during the night. Scout Plat remained OPCON of 3d Bde. At 1015H vic XS437431 a 4 ton truck (1st Bde Hqs) returning to DONG TAM from FS/PB JAGER was ambushed by 2 VC firing AW, resulting in 1 US WIA (evac to 3d Surg Hosp) and damage to the vehicle.

22 March 1st Bde continued road and engr security, night ambush patrolling and convoy security and conducted reconnaissance in force operations along Hwy 4 with 2-39 Inf, 2-60 Inf (-), and 5-60 Inf (M) (-) and in close cooperation and coordination with RF and PF elements. 1st Bde continued its program of conducting combined operations with RF and PF units to bolster their confidence, experience and combat proficiency and also to enhance the effectiveness of current US operations. 2-39 Inf, with OPCON of C/3-17 Air Cav (AM), secured FS/PB FELS and conducted Hwy 4 security and night ambush operations and aerial reconnaissance in western AO CRACKERJACK. The bn patrolled Hwy 4, conducted a reconnaissance in force operation south of FS/PB FELS and conducted 2 MEDCAPS. Bn Hq's remained at FS/PB FELS. Ambushes were terminated without incident and closed on their CPs by 0637H. Effective 0730H the bn was relieved of the mission of being prepared to reinforce 3-47 Inf. The bn conducted two MEDCAPs at vic XS267500 (AM) and at vic XS290512 (PM). Co A secured FS/PB FELS and conducted Hwy 4 mine sweep and road patrolling without incident. At 1030H 3d Plat departed FS/PB FELS to reconnoiter vic XS276493 where dusters had observed enemy activity earlier in the morning. At 1145H vic XS274490 the plat found and destroyed 7 bunkers with overhead cover. Bunkers were in a woodline due south of FS/PB FELS. The plat closed back on the FS/PB at 1340H. 1st and 2d plats conducted local security patrols to the north and south respectively without incident. During the night the co secured FS/PB FELS. Co B conducted Hwy 4 mine sweep and road patrols in the western portion of the bn AO. At 0745H vic XS242500 1st plat found and destroyed 2 105mm dud arty rds. At 1105H from vic XS248505 the unit received ten rds of SA fire and returned fire. The area was swept without significant findings. There were no US casualties. VC casualties are unknown. Co B displaced its CP during the afternoon, closing to a new RON position vic XS246499 at 1633H. During the night the co mounted four squad ambushes and provided a US element for a PF plat ambush along Hwy 4. Co C conducted a reconnaissance in force south from

FS/PB FELS. The co departed the FS/PB at 0735H and swept along the route XS276492 - XS272482 - XS277473 - XS283472 - XS281472 - XS295475 - XS298476 - XS FS/PB FELS. At 1015H vic XS277473 the unit received SA fire. 60mm mortars were fired into the area, and C/3-17 Air Cav reconnoitered and observed four persons running into woods. There were no US casualties. At 1057H vic XS281472 the co apprehended 1 detainee attempting to hide (evac to DONG TAM IPW). At 1128H vic XS295475 the unit found and destroyed one bunker. The co closed FS/PB FELS at 1331H. During the night the co assisted in securing the FS/PB and mounted 1 squad ambush. Co E conducted local patrols and Hwy 4 mine sweep without incident. At 0650H the co swept the area into which they fired at lights during the night without additional findings. The unit maintained its separate patrol base vic XS299501. Co E mounted 2 squad ambushes. C/3-17 Air Cav (OPCON of 2-39 Inf during AM) conducted overwatch of the bn AO. At 0905H vic XS274478 the troop drew AW fire from an estimated 5 AK-47's and other weapons and returned fire. There were no hits or US casualties. The area was reconnoitered without findings. VC casualties are unknown. 2-60 Inf (-), with OPCON of Scout Plat, 2-47 Inf (M) and OPCON of C/3-17 Air Cav (PM), continued night ambush and local patrolling, conducted aerial reconnaissance, secured Hwy 4 in eastern AO CRACKERJACK, exploited a contact established by a recon patrol, and provided security escort for DISCOM convoys between TAN AN and DONG TAM. Bn CP remained vic XS469481. Ambush patrols were completed without incident and closed on their co CP's by 0730H. Co A maintained its separate patrol base vic XS449483 and conducted Hwy 4 mine sweep, local security patrols, and road patrolling in the eastern portion of the bn AO. At 0703H vic XS454474 a Co A ambush patrol found 1 AK-47. At 0800H 2d and 3d plats departed the co CP and reconnoitered again in the area where the AK-47 was found. At 0847H vic XS454474 3d plat observed and engaged two VC attempting to flee, wounding one (evac to 3d Surg Hosp). One plat was dispatched to vic XS434466 to secure the census-taking team from CHAU THANH District. At 1222H 3d plat conducted an airmobile assault to LZ vic XS399513 to reinforce Co B which was in contact with a VC force. Co B maintained its separate patrol base vic XS407492 and conducted Hwy 4 mine sweep, local security patrols and road patrolling in the western portion of the bn AO. The co also maneuvered to exploit a contact established by one of its reconnaissance patrols. Hwy 4 mine sweep was completed without incident. At 0910H 2d plat departed the co CP and reconnoitered in the area without incident. At 1040H vic XS393500 3d plat established contact with an estimated VC squad. The remainder of Co B maneuvered to the site to exploit the contact and came under heavy AW fire vic XS407496. Organic mortars & LFT, C/3-17 Air Cav supported. VC managed to disengage, breaking contact at 1208H. VC casualties are unknown. There was one US WIA (dust off completed at 1215H). At 1226H vic XS399513 3d plat, Co A was inserted by air to reinforce Co B. At 1247H Co B found expended AK-47 and M-16 cartridges in the area. At 1325H vic XS395501 Co B re-established contact, receiving fire from the north. Gunships of C/3-17 Air Cav also drew fire over the area. Gunships and arty fire resulted in observed secondary explosions in the area, possible caused by grenades or small arms ammo. VC broke contact at 1330H. There were no US casualties. The area was swept without significant findings. VC casualties are unknown. One CH-39 took several hits from SA but returned to DONG TAM under its own power. Co B continued to reconnoiter the area but was unable to re-establish contact and returned to its RON position, closing at 1512H. Co C remained OPCON of 3d Bde. C/3-17 Air Cav (OPCON of 2-60 Inf (PM)) conducted aerial reconnaissance of the bn AO, supported Co B's contact, and continued its reconnaissance after contact was broken. At 1508H vic XS415505 the troop sighted 4 new bunkers and vic XS408504 sighted 8 more bunkers (4 L-shaped). Scout plat, 2-47 Inf (M) escorted a DISCOM convoy between DONG TAM & TAN AN without incident (dept DONG TAM 1000H, ar TAN AN 1305H). The bn maintained its two company RON positions and mounted 8 squad ambush patrols. 5-60 Inf (M) (-) continued to secure engr elements working along Hwy 4 in AO CRACKERJACK, secured Hwy 4 in central AO, secured FS/PB JAGER, conducted a reconnaissance in force south of Hwy 4, conducted a MEDCAP, and conducted integrated US/PF night ambush patrolling. received approximately 34 rds of mortar fire (size unknown) from Vic XS357489. Counter-mortar concentrations and dusters were fired with unknown effect. There were no US casualties. VC casualties are unknown. Night ambush patrols were terminated without incident and closed on their co CP's by 0640H. Co A returned to FS/PB JAGER from its RON at FS/PB FELS, closing at 0715H. The unit conducted Hwy 4 mine sweep in bn AO, secured engr elements working along the road and secured a bn MEDCAP at LONG DINH (vic XS379496) without incident. The co secured FS/PB JAGER during the night. At 0816H the bn reported that H&I fired from FS/PB JAGER into area vic XS398542 destroyed 1 bunker and damaged another. Co B swept the suspected position from which the VC had mortared the FS/PB and found mortar release bands vic XS357489. The unit then conducted a reconnaissance in force south of Hwy 4. The 839 RF Co was unable to participate as planned. At 0900H the unit crossed its LD vic XS367483 and began its sweep to the east. At 0942H vic XS373485 the unit apprehended four detainees (two later released as innocent civilians and 2 evac to DONG TAM IPW). At the same loc the unit found a complex of 25 bunkers in a circular configuration (to be destroyed later) and some training grenades (mud dried on sticks). At vic XS370486 the unit reported finding some "danger zones" posted with signs warning civilians to stay out and also some commo wire (possibly an old base camp). The unit completed its sweep at 1105H, reaching vic XS374484 and returned to FS/PB JAGER, closing at 1130H. The co conducted 1 plat size night op, bat patrol terminating in 4 squad ambushes. Co C secured FS/PB JAGER and assisted in securing engr elements working along Hwy 4. During the night the unit conducted 2 plat size night ambush patrols and integrated an element into a PF plat size ambush along Hwy 4 near the FS/PB.

23 March: 1st Bde continued road and engr security, night ambush patrolling and convoy security and conducted reconnaissance in force operations along Hwy 4 with 2-39 Inf, 2-60 Inf (-), and 5-60 Inf (M) (-) in close cooperation and coordination with RF and PF elements. 1st Bde continued its program of conducting combined operations with RF and PF units to bolster their confidence, experience and combat proficiency and also to enhance the effectiveness of current US operations. The 2-39 Inf, with OPCON of Trp C, 3-5 Cav, continued road/engr security, mine sweep and recon in force opns and extensive night ambush patrols in the western portion of AO CRACKERJACK. The Bn CP, with Co's A and C as security, remained at FS/PB FELS (Btry A, 1-11th Arty). Co A swept the road for mines to the east and west of FS/PB FELS with negative results. The Co conducted an AML assault into an LZ north of Hwy 4 (XS266520) commencing at 1009H and closing at 1023H. Following a sweep to the south the Co was extracted AML back to the CP, closing at 1108H. Co B maintained its CP west of FS/PB FELS at XS267498 and swept Hwy 4 for mines west to Cai Lay. At 0800H, the Co conducted a recon in force opn north from their CP to XS250510 and then southwest toward a block set up by the 842 RF Co (Cai Lay District). At 0827H, vic XS249517, 3 VC carrying weapons were spotted and taken under fire. The VC fled to the northwest and a search of the area proved negative. At 0903H, vic XS243521, the Co found and destroyed 30 bunkers (w/OHC 3'x2'x2') estimated to be 6 months old. The operation was completed and the Co returned to their RON location at 1155H. Co C secured elements of the 15 Engr Bn during sub-surface upgrading of Hwy 4. Co E maintained its CP at the junction of Hwy's 4 and 11 and swept the road for mines west toward FS/PB FELS. At 1005H, vic XS290535, the 2-39 Inf Command group, supported by Trp D, 3-5 Cav observed a VN male standing in front of a hooch with his hands up. The man was extracted AML and evacuated to Dong Tam for questioning. The 5-60 (M) (-), with OPCON of Trp C, 3-17 Cav, continued road/engr security, mine sweep and recon in force opns and extensive night ambush patrols in the central portion of AO CRACKERJACK. Co's A and B, in close coordination and cooperation with the 839 RF Co, conducted a recon in force opn south of Hwy 4. At 0815H Co A conducted an AML assault into an LZ at XS315475, linked up with the 839 RF Co, and conducted a sweep northeast toward a block set up by Co B vic XS333479. Co B moved to their blocking position AML at 0850H. While establishing their block, Co B found and destroyed 40 bunkers and a camouflaged hut vic XS334481. As Co A and the 839 RF Co swept northeast, Co A found and destroyed 3 old bunkers at 1020H, vic XS325475 and 2 bunkers with 2 1/2' OHC vic XS327475. At 1145H vic XS335475, Co B found and evacuated a cache consisting of 2 RPD MG clips, 2 RPD ammo pouches, 1 pineapple grenade, 5 large bandages 2 ponchos, 6 rds of MG ammo, 3 bottles of peroxide and assorted items of clothing. The operation was concluded with the extraction of Co's A and B back to the Bn CP at 1215H. At 1650H, vic XS435462 a Co B APC, returning to Dong Tam, hit a command

detonated mine and received SA fire resulting in 3 WIA. Dust off was completed at 1723H. One APC was disabled. At 1825H, vic XS320501 a Co A ambush patrol engaged 3 VC. During pursuit of the VC to the west, heavy SA and AW fire was received from the woodline south of the road. Arty supported and the fire ceased at 1900H. There were no US casualties. The 2-60 (-) continued road/engr security, mine sweep and recon in force opns, and extensive night ambush patrols in the eastern portion of AO CRACKERJACK. The Bn CP remained co-located with the Chau Thanh district advisor at XS471478. Co A maintained its CP south of Hwy 4 at 451482 and conducted mine sweep opns, local patrolling and extensive night ambushes. Co B maintained its CP north of Hwy 4 at XS407495 and conducted mine sweep opns. During a security patrol around the Co location, 2 detainees were apprehended at 0755H, vic XS394490. The detainees were evacuated to Dong Tam. The Co CP received an estimated 10 - 15 rds of sniper fire from the northwest at 1324H. Fire was returned with 81mm mortar and SA fire with unknown results. Recon Plat, 2-47 (M) remained OPCON to 2-60 (-) and secured elements of the 86 Engr Bn working on Hwy 4 in the 2-60 Inf AO. Trp C, 3-17 Cav was OPCON to the 5-60 (M) (-). During overwatch of the 5-60 (M) (-) recon in force operation the troop spotted 2 VC at 1010H, vic XS340465. The VC ran into a hooch and Trp C dropped CS in the area. There were no further sightings in this area. At 1327H, vic XS301530 the troop spotted 1 hooch and 3 fighting positions. WP grenades were dropped, destroying the hooch. Trp C, 3-5 Cav was OPCON to the 2-39 Inf. During overwatch of the 2-39 Inf AO the troop spotted 2 individuals digging a bunker at 1315H, vic XS283477. The individuals were taken under fire and fled north into a woodline resulting in 2 bunkers destroyed and 1 sampan sunk. The ARP was inserted in the area with negative results. They were extracted at 1500H and returned to Dong Tam. At 1342H vic XS263540 a gunship received fire from an unknown size force. Fire was returned with unknown results.

24 March: The 1st Bde continued road and engr security, reconnaissance, night ambush patrolling and convoy security along Hwy 4 with 2-39 Inf (-), 2-60 Inf (-), and 5-60 Inf (M) (-) and in close cooperation with RF and PF elements. 1st Bde continued its program of conducting combined operations with RF and PF units to bolster their confidence, experience and combat proficiency and also to enhance the effectiveness of current US operations. The 2-39 Inf continued reconnaissance and Hwy 4 security and mine sweep missions and conducted integrated US/PF night ambush patrols in the western portion of AO CRACKERJACK. The battalion CP, with Co's A and C as security, remained at FS/PB FELS (Btry A, 1-11th Arty). Ambushes were terminated without incident and closed their CP's by 0651H. In addition to other activities, the battalion engaged in intensive company level training in general military subjects during the day. Co A swept the road for mines to the east and west of FS/PB FELS with negative results. Co A also secured FS/PB FELS and conducted local patrolling. At 1638H south of the FS/PB battalion elements test firing weapons were engaged by 2 VC with AK-47's and returned fire with M-79's and 81mm mortars. VC broke contact immediately. Three US WIA resulted (dust off completed at 1715H). VC casualties are unknown, however a Co A element sweeping the area of contact discovered a blood trail. The patrol reconnoitered west from FS/PB FELS, south to vic XS273490 and then back to the FS/PB, closing at 1840H. The blood trail led to a canal bank and disappeared. During the night Co A mounted one squad size ambush and assisted in securing the FS/PB. Co B conducted local reconnaissance patrols. At 1250H vic XS267514 a Co B patrol discovered eight 155mm dud arty rounds and six 105mm dud arty rounds within the perimeter wire of a PF OP. PF personnel could not satisfactorily explain the presence of the duds (to be destroyed by EOD personnel). At 1500H Co B displaced and established a new RON patrol base vic XS253499, closing at 1517H. During the night Co B mounted four squad size ambushes and provided a three man increment for a PF platoon size ambush. Co C assisted in securing FS/PB FELS and conducted local patrolling. ducted two squad size ambushes. The 2-60 (-) continued Hwy 4 mine sweep and security and local patrolling and conducted intensive night ambush patrolling in the eastern portion of AO CRACKERJACK. The Bn CP remained co-located with the CHAU THANH District advisor at XS471478. Co A maintained its CP south of Hwy 4 vic XS451482 and conducted Hwy 4 mine sweep and local patrolling with out incident. During the night Co A mounted three squad size ambushes. Co B maintained its CP north of Hwy 4 vic XS407495 and conducted Hwy 4 mine sweep and local patrolling without incident. During the night Co B mounted three squad size ambushes. At 0003H vic XS414505 Recon Plt's ambush patrol sighted and engaged fifteen VC moving in the open in a group. 81mm mortars fired into the area, and a LFT reconnoitered the area by fire (on station at 0033H). VC fled the area with unknown casualties. There were no US casualties. At 0822H the platoon assisted by elements of Co B swept the area with no significant findings. During the day Recon Plt conducted local patrolling. The platoon conducted a platoon size night ambush. Scout Plt, 2-47 escorted a DISCOM convoy from Dong Tam to Tan An without incident (dept Dong Tam 0822H, ar. Tan An 0925H). The platoon also mounted one squad size night ambush patrol. The 5-60 (M) (-) continued road and engineer security and Hwy 4 mine sweep and conducted intensive night ambush patrols integrated with PF elements in the central portion of AO CRACKERJACK. The battalion also conducted a Medcap and, in cooperation with NPPF personnel, secured a vehicle inspection point. Ambushes were terminated without incident and closed in their CP's by 0642H. Co A secured elements of the 15th Engineer Bn and assisted in Hwy 4 mine sweep and patrolling without incident. At 1703H, 1st Plt departed FS/PB FELS and returned without incident. The company secured FS/PB JAGER during the night. Co B secured FS/PB JAGER during the day and secured a battalion Medcap conducted vic XS327498. During the night the company conducted one platoon size combat/ambush patrol north of Hwy 4. Co C secured elements of 1-84 Arty displacing to the west of Cai Lay and assisted in Hwy 4 mine sweep and patrolling with out incident. The unit, in coordination and cooperation with NPPF personnel, conducted a vehicle check and search point vic XS354498 without incident from 1729H to 1830H. During the night the company conducted two platoon size ambush patrols north of Hwy 4 with one PF squad integrated into each. Scout Plt remained OPCON of 3rd Bde.

25 March: The 2-39 continued engr/road security/mine sweep ops and extensive night ambush patrolling in the western portion of AO CRACKERJACK and conducted a 3 Co strike opn, in close coordination and cooperation with a CIDG Co from My Phuoc Tay Special Forces Camp, in AO HATCHET. Troop D, 3-5 Cav remained OPCON to the Bn during daylight hours in support of the strike opn. Commencing at 0820H, Co's A, B and C conducted AML assaults into LZ's (A - XS283532, B - XS264558, C - XS865545) in AO HATCHET, closing at 0929H. From the LZ's, Co's A & C swept west and Co B swept southwest. At 0915H, vic XS264558 Co B observed 1 VC running west. He was engaged with SA with unknown results. At 0920H, vic XS264558 gunship covering Co B's movement off the LZ received SA fire, however, the LZ itself remained cold. At 0930H, vic XS275555 Co B made contact with a small VC force. SA and AW fires were exchanged resulting in 2 VC KIA (BC) and 3 weapons captured (1 cal 30 M-1 carbine, 1 Chicom carbine, 1 unidentifiable rifle). There were no US casualties. Co C, continuing their sweep west from the LZ at 1000H, vic XS267548, found a cache containing 20 22 lb shaped-charges, 18 60mm mortar rds, 3 B-40 rds, 3 boxes flashlight batteries, 18 25 lb Chicom claymores with stands, 27 40 lb cratering charges, 200 feet of assorted fuze and 7 boxes of C-4 (75 sticks per box). The contents of the cache were evacuated to FS/PB FELS for further evacuation to Dong Tam. At 1003H, vic XS264554 Co B detained 2 male civilians without ID cards. They were evacuated for further questioning. Commencing at 1026H, a CIDG Co from My Phuoc Tay SF Camp conducted an AML assault into an LZ vic XS264541 and established a blocking position oriented to the east closing at 1059H. As the AML Co was lifting out of the LZ they received an unknown amount of SA fire causing damage to a UH-1D and wounding the pilot. 26 March: The 1st Bde continued road and engr security mine sweeping opns and extensive ambush patrols and completed a recon in force opn along Hwy 4 with TF 2-39th Inf, 5-60th Inf (M) (-) and 2-60th Inf (-). TF 2-39th Inf with OPCON of Co A/3-47th Inf continued road and engr security, mine sweep opns, extensive night ambush patrols and completed a recon in force opn in AO HACHET. At 260800H vic XS267543 Co B and C departed their Ron location and began a sweep to the northwest. At 261000H vic XS255530 S3 2-39th Inf, overwatching the Co B and C opns in an OH-23, spotted 4 VC with weapons. The VC engaged the OH-23 with SA and fire was returned with M-79 fire with unknown results. At 261202H vic XS255542, Co B found a bunker complex consisting of 2 mortar positions and 1 cal 50 position. A small amount of documents were found in the area and were evacuated to Dong Tam. The bunkers and positions were destroyed. At 261330H vic XS263555 Co C and B, while sweeping south through the area of yesterdays contacts, discovered 15 VC KBA (BC). A report was also received from the MY PHUOC TAY Special Forces Camp (US C-2 rating), that 25 VC WIA were evac to the west from that area sometime early on 26 March. At 261713H Co B closed its Ron location on Hwy 4 at XS254499. Co C closed FSB FELS at 261724H. Co A/3-47 Inf were released from OPCON of 2-39th Inf at 261439H and completed their ANL move back to Dong Tam from FSB FELS at 261599H. The Bn staged 1 platoon size AP with PF at XS246499 and 4 squad size AP's at XS295495, XS299593, XS281490 and XS269506. The 2-60th Inf continued road and engr security mine sweeps, extensive night ambush patrols and local daylight patrols along Hwy 4 in the eastern portion of AO CRACKERJACK. At 260520H, vic XS400485 a Co B AP received sporadic sniper fire. 81mm mortars and SA were fired at the suspected location with unknown results. There were no US casualties. At 260915H vic XS438483, Recon Plt 2-47th Inf (-) (M) while sweeping an area of light contact the night before recovered 2 VC KIA and wallet containing ID cards. The wallet was evac to Dong Tam for further evaluation. At 261330H Co C arrived at the 2-60th Inf CP to replace Co B. Co B moved back to Tan Tru by convoy closing at 261500H. The Recon Plt 2-47th Inf (M) remained OPCON to the 2-60th Inf. The platoon escorted a convoy from Dong Tam departing at 260748H and closing at Tan An at 261015H. A two-part convoy was escorted back from Tan An closing at FSB HESSIAN at 261145H and Dong Tam at 261500H. 27 March: 1st Bde continued road and engineer security, reconnaissance, night ambush patrolling and convoy security along Hwy 4 with 2-39 Inf, 2-60 Inf (-), and 5-60 Inf (M) (-) and in close coordination and cooperation with RF and PF elements. 1st Bde continued its program of conducting combined operations with RF and PF units to bolster their confidence, experience and combat proficiency and also to enhance the effectiveness of current US operations. The 2-39 Inf secured FS/PB FELS and conducted Hwy 4 security, night ambushes and reconnaissance in force in western AO CRACKERJACK. The bn also conducted a MEDCAP. At 0218H mortars and arty were fired into area vic XS288492 where radar located at Co E RON position had indicated presence of approximately 200 VC. Bn CP remained located at FS/PB FELS. Ambushes were terminated without incident, and patrols closed their CP's by 0700H. Co A conducted a reconnaissance in force to the south of Hwy 4 and through the area into which the mortars and arty were fired. The unit departed FS/PB FELS at 0700H and reconnoitered initially to the southeast (XS282491 - XS285485 - XS283487 - XS287487 - XS293485). At 0828H vic XS285485 Co A received two rds of sniper fire from nearby tree line. The unit returned fire, maneuvered and swept the area without significant findings. There were no US casualties. VC casualties are unknown. At 0850H vic XS283487 Co A found a grave with wires leading from it and dug it up, discovering and destroying a dud 155mm arty round. At 1025H vic XS293485 Co A engaged VC occupying a tunnel complex. VC returned fire. Contact was terminated at 1038H. Results of encounter were 1 US WIA (dust off completed at 1128H), 2 VC KIA (BC), 3 VC POW (2 WIA) (evac to Dong Tam IPW), and 1 BAR captured. The unit remained in the area to complete the destruction of the tunnel complex and then continued its reconnaissance, changing direction to the southwest (XS290483 - XS278479) and destroying 37 bunkers enroute. At 1257H vic XS278479, while approximately 50m from a downed observation helicopter it was advancing to secure, Co A established contact with five VC. Gunships supported. There were no US casualties. VC casualties are unknown. The unit secured the ship until it was extracted at 1420H and also swept west along the nearby stream to vic XS273479. At 1500H vic XS273477 the unit found an unidentified weapon apparently of Russian origin (evac to Dong Tam IPW). The co was then extracted from PZ vic XS274275 and returned to FS/PB FELS by air (1st lift off 1542H, 2d lift down 1558H). During the night Co A assisted in the defense of FS/PB FELS. Co B conducted mine sweep and patrolling of Hwy 4 and reconnoitered to the south of its CP. 2d and 3d plats conducted road sweep without incident. 1st Plat departed company CP at 0905H and proceeded south. At 0945H vic XS256488 the plat found and destroyed 1 L-shaped bunker. At 1004H vic XS267490 the platoon engaged six VC to the south who returned fire with SA. VC broke contact at 1023H, and the area was swept without significant findings. There were no US casualties. VC casualties are unknown. 1st Plat completed its patrol without further incident, closing Co B CP at 1146H. During the night Co B maintained its CP at vic XS247500 and mounted 2 squad night ambushes. The co also provided a US increment to an integrated US/PF plat ambush staged near its CP. Co C assisted in securing engr elements working along Hwy 4 without incident. During the afternoon the unit conducted an airmobile assault south of Hwy 4 and reconnoitered northeast to link up with Co A near the downed helicopter. LZ was vic XS265467 (1st lift off 1246H, 2d lift down 1305H). Near the LZ the unit received SA fire from a sniper located to southwest but did not experience any casualties. Fire was returned. VC casualties are unknown. The co continued its reconnaissance (XS269473 - XS-273475). At 1455H vic XS273475 Co C apprehended 2 detainees (an AK-47 rd was found in their hut) (evac to Dong Tam IPW). At 1500H vic XS273435 a booby-trap was detonated by the unit, resulting in 1 WIA (dust off completed at 1525H). The co was then extracted from PZ vic XS274475 and returned to FS/PB FELS by air (1st lift off 1558H, last lift down 1604H). During the night Co C assisted in securing FS/PB FELS. the first escort found a US vehicle (unit unidentified) and two serious US WIA, called in a dust-off and secured them until it was completed. The 5-60 Inf (M) continued operations in the central portion of AO CRACKERJACK. The battalion CP remained at FS/PB JAGER. Ambushes were terminated without incident. During the day the battalion conducted security operations. Co A and Co B secured FS/PF JAGER and conducted Hwy 4 mine sweep without incident. At 1645H Co A departed FS/PB JAGER and conducted a reconnaissance in force just south of Hwy 4 prior to posting night ambush patrols. At 1815H vic XS340498 the unit found and explored 15 new graves with no significant findings. Co C provided security for engineer elements working along Hwy 4 without incident. During the night the Bn mounted 6 squad ambushes, one platoon night combat/ambush patrol, and one platoon night combat patrol. At 2000H a report was received from Dinh Tuong Province Advisor that at 311900H Mar civilians had brought in one VC corpse found in the area of Co C's contact on that date (one VC KIA). C/7-1 Air Cav (OPCON of 1st Bde) conducted overwatch of AO CRACKERJACK and supported the reconnaissance in force of 2-60 Inf. At 1624H vic XS319432 and vic XS332447 ships of the troop drew SA fire but did not receive any hits (altitude: 1500' and speed: 60 knots).

2 April: The 1st Bde continued road and engineer security, night ambush patrolling, convoy security and reconnaissance in force operations with 2-39, 2-60, 5-60 (M) (-) and in close coordination and cooperation with RF/PF elements from Dinh Tuong Province. 1st Bde continued its program of conducting combined operations with RF and PF units to bolster their confidence, experience and combat proficiency and also to enhance the effectiveness of current US operations. The 2-39 continued engr/road/mine sweep security, extensive night ambush patrolling and both ground and AML recon in force in AO CRACKERJACK. Co E conducted recon in force opns to the northwest of their CP location to XS282518 with negative results. In response to an intelligence report (US rating B2) of enemy activity at XS309520 Co C was inserted AML at 1143H, vic XS313522 and conducted a recon force opn to the east of the LZ. At 1207H, vic XS318519 the LFT (Gunslingers) supporting the 128th AHC (Tomahawks) spotted a VC force in the cph. The VC were engaged by the LFT and Co C followed up with an aggressive assault. A very effective and well coordinated sweep by Co C and the 128th AHC's LFT was conducted using both ground and air power to their best advantage. Co A was inserted AML to reinforce at 1418H, vic XS330523. One Plat of Co A were extracted and further inserted to the north at 1446H, vic XS338539, in response to further visual sighting. Sporadic contact was maintained until the extractions began at 1735H resulting in 12 VC KIA (BC), 6 POW-3 WIA, 1 detainee and 6 weapons captured (2 AK-47's, 1 Springfield 306, 1 SKS carbine, 1 rifle not yet identified and 1 9mm French pistol). Co's C and A closed back into FS/PB FELS at 1744H and the AML assets were released. Co B conducted a recon in force opn to the south of their CP on Hwy 4. At 1809H, vic XS250485 they made contact with an estimated VC plat. SA and AW fires were exchanged and the VC withdrew resulting in 1 US WIA. The WIA individual returned to FS/PB FELS on foot and was dusted off at 1942H. In the course of their opn Co B found and destroyed 3 bunkers, 2 spring type mines and 3 grenades. The 5-60 Inf (M) (-) continued their primary mission of engr security, swept Hwy 4 for mines and conducted limited recon in force opns with one incident reported. At 1400H vic XS010450, Co B while escorting engr work parties, engaged an unknown size VC force with SA and Cal 50 MG fire. A sweep of the area revealed 3 VC KIA (BC). There were no US casualties. The 2-60 Inf (-) staged multiple squad size night ambushes, conducted road sweep and engr security and recon in force opns. At 0053H vic XS418490, Co C sprang an ambush on 5 VC. Arty supported and the area was swept immediately revealing 1 bunker. There were no US casualties. At 0958H vic XS410495, Co C in the course of conducting local patrols, received some sporadic SA fire from the northeast. Further coordination revealed that an ARVN unit had a short contact with a small VC force in that direction. The action resulted in one slight US WIA (not dusted off).

3 April: The 1st Bde continued road and engineer security, night ambush patrolling, convoy security and reconnaissance in force operations with 2-39, 2-60 (-) and 5-60 (M) (-) and in close coordination and cooperation with RF/PF elements from Dinh Tuong Province. extensive night ambush patrolling and both ground and AML reconnaissance in force in AO CRACKERJACK. The battalion CP remained at FS/PB Fels. Ambushes were terminated without incident and closed into their CP's. Co A conducted Hwy 4 mine sweep and road patrolling without incident. Co B sent out a patrol to reconnoiter the area of their ambush patrols contact (at 021809H vic XS250485) and discovered two blood trails. During the afternoon Co B conducted an airmobile reconnaissance in force north of Hwy 4 supported by the 190th Assault Helicopter Co. At 1223H the unit assaulted LZ vic XS288530 and reconnoitered the area. At 1255H vic XS287530 Co B apprehended eleven detainees including two wounded women (dusted off) and captured one PW (armed), two SKS carbines, a radio (US civilian), approximately 60 rds of SKS ammo and assorted documents. At 1300H in the same area the unit discovered the body of one VC killed by gunships. At 1319H the company assaulted LZ vic XS295513. At 1315H enroute the company retrieved a second VC body killed by gunships at vic XS294512. At 1345H vic XS294515 the company apprehended another detainee. At 1400H vic XS290515 gunships killed a third VC (body count confirmed by infantry). At 1605H Co B assaulted into LZ vic XS296528 and continued its reconnaissance. At 1554H Co A assaulted into LZ vic XS298527 to reinforce Co B. At 1710H vic XS289529 Co A recovered a fourth VC body killed by gunships. Co A was extracted and returned by air to FS/PB Fels, closing at 1725H. Co B was extracted and returned to its RON position by air, closing at 1702H. Co E conducted Hwy 4 mine sweep without incident and conducted local patrolling around its RON patrol base. During the night the battalion mounted 13 squad size ambush patrols. Co B's RON position remained located vic XS249499 and Co E's RON position remained located vic XS298498. The 2-60 Inf continued road and engineer security, extensive night ambush patrolling and reconnaissance in force operations. The Battalion CP remained loc vic XS471476. Co A and C both conducted Hwy 4 mine sweep without incident and then conducted separate reconnaissance in force operations. Co A departed its base at 0835H and reconnoitered the area to the northeast (468507 - 469506). At 1150H the unit completed its sweep without incident and returned to its base. Co B remained OPCON of 3rd Bde. Co C departed its base at 0817H and reconnoitered to the southwest (XS389481 - XS390484 - XS402482). At 1150H vic XS407480 the company apprehended two detainees. Co C completed its sweep and returned to its base closing at 1233H. During the night the battalion mounted eight squad size ambush patrols. The 5-60 (M) Inf continued road and engineer security and extensive night ambush patrolling. The battalion CP remained at FS/PB Jager. Ambushes were terminated without incident and closed on their CP's. Co A secured the FS/PB and conducted Hwy 4 mine sweep. Co B secured engineer elements along Hwy 4 without incident. Co C provided security escort for Discom convoys between Dong Tam and Tan An (dept Dong Tam 0745H, ar. Tan An 0915H, dept Tan An 1245H, ar Dong Tam 1330H). During the night the battalion conducted three platoon combat patrols, two of them terminating in a total of four squad ambushes.

4 April: The 1st Bde continued road and engineer security, night ambush patrolling, convoy security and reconnaissance in force operations with 2-39, 2-60 (-), and 5-60 (M) (-) and in close coordination and cooperation with RF/PF elements from Dinh Tuong Province. The 2-39 Inf continued engr/road/mine sweep security opns, extensive night AP opns and AML and foot recon in force opns in the western portion of AO CRACKERJACK. Co B conducted a plat size recon in force opn to the northwest of their Co CP. At 1058H, vic XS251505 the plat received one round of sniper fire. Fire was returned and the area swept with negative results. Co C was inserted AML into an LZ vic XS277515 at 1505H and conducted recon in force opns vicinity of the LZ with negative results. At 1631H, they were extracted and reinserted vic XS247530. At 1724H, vic XS242513 the Co found 50 concrete and brick bunkers (5 man type). The 2-39 Inf plans to return to the area at a later time to destroy the bunkers. At 1726H, vic XS237514 the gunships covering Co C's insertion spotted and killed one VC (KBA). At 1750H vic XS241514 Co C made contact with an estimated 4 VC. SA and AW fires were exchanged resulting in 1 US WIA (dust off at 1754H). A further sweep of the area revealed 3 VC (BC) (2 KBA, 1 KIA by SA), 1 POW, 1 detainee, 1 M1 carbine and 358,000 piasters. It is believed that the POW or one of the KIA's is a paymaster for a Bn size VC unit. The POW, the detainee and the 358,000 piasters
