- a. Moan loudly, grasp your chest, and fake a massive coronary.
- b. Ask mindless questions concerning the subject being briefed, wait for someone to yell "Who gives a shit", then raise your hand.
- c. Urinate in your shorts and hope it dissipates the smell.

You feel the onset of a horrendous sneeze halfway through a briefing. Realizing you do not have a handkerchief, you elect to sneeze into the naked palm of your right hand. After muttering the appropriate social amenity, you conduct a visual inspection of the results of your action and discover your palm is encased in a pool of multi-viscosity goo. You elect to:

- a. Open your tunic and wipe the secretion on your T-shirt.
- b. Pretend you are brushing a fly off the back of the person seated in front of you.
