Attention to Orders!

By now everyone accessing the VHFCN Homepage should have the bookmark set to:

<http://www.vhfcn.org>

(NOT <http://205.231.156.211>) That number was temporary and has probably been changed.

For those of you that want to play with icons in the Chat roomthe address is:

<http://www.vhfcn.org/pics/xxxxx.gif>

The xxxx would be the name of the .gif I'll include some of the ones we have now.....I'm getting new ones daily. The current way to get into the bunker is cumberson and we sometimes get some flak. HAI and I are working on an autopilot.

Try these out for size. You can see most of them on the VHFCN.ORG Home Page!
