Dear UPI,

I am requesting assistance in getting a glossy 8 X 10 of the enclosed pictures taken on May 13th 1972 at Dau Tieng Vietnam. I was flying the second aircraft # 714. A very close friend, and fellow Army aviator, from that period is being medically retired from the Army because of a diseased heart and is awaiting a transplant. I would like to send him a framed copy of the picture. I have already tried making an 8 X 10, by taking a black and white picture with my camera and enlarging it, but it is very grainy.

Mr. Steve Garment from USA Today suggested I write you. See the attached letter.

I appreciate any assistance you can provide.
