MEMORIAL LIST.....(back section)...1 thru 6

Our Memorial list is far from complete, at the present time we have 316 people listed. We have very little information on most of the people. To truly honor them, I would like to see more of their being be remembered than just their name, rank, date of birth, and date of death. As painful as it maybe, I would like for you to send me as much information as you can about these people. Tell me what you remember about them, their family status, their likes and dislikes, their job, and what happened to them. With the exception of most of their names being on the "Wall", our list and records may be the only sustaining written tribute some of these men will receive. If there is a name that you know should be on the list and is not please send it to me. The list is arranged chronologically by date of death. I don't know which unit of the Battalion some of the people served with, if you know please let me know. The P&L # is the panel and line number as the name appears on the "Wall". The * in the BN column denotes that they were serving under the command of the 145th C.A.B. at the time.

The last page is a Memorial List of those people who served with the 145th C.A.B. and died after leaving Vietnam.
