SUBJECT: Chief, Field Administration Division
Implementation of Agrarian Reform Report

DATE : 1 October 1956

So far as we can determine, the government has taken no action on our Agrarian Reform report.

A number of the recommendations in that report were of a general character, applicable to the government as a whole and not dependent upon those of our recommendations specifically applicable to agrarian reform. They include:

- 3A - Establishment of statistical reporting systems
- 4A - Study of land transfer procedures
- 4B - Elimination of fees to government employees in land transfer transactions.
- 4D - Development of standard contract form for land transfers
- 4K - Study of present cadastral service fee schedule
general

You may want to call these/recommendations to the attention of the appropriate authority.
