Dear Dr. Fishel:

Korea University's Asiatic Research Center is publishing a monthly English language bulletin, as well as a multi-lingual quarterly journal on Asiatic studies. Under consideration are also a number of further publication projects. The area which will receive major emphasis is Korea itself, together with the adjacent regions of North East Asia. This will not, however, preclude consideration of other East Asiatic areas. The Center will accordingly welcome contributions to the Bulletin and Journal comprising shorter or longer articles, reviews of books or items relating to scholarly activities and personnel.

The Director of the Center, Dean Sang-Eun Lee, is most desirous of enlisting the interest and cooperation of scholars elsewhere, and has the honor to extend to you an invitation to become an Honorary Corresponding Associate of the Center. It is possible that you may ^{wish to} contribute to the Bulletin or Journal, or that your associates or advanced students may have material that may be seeking a suitable avenue of publication. All such material will be received and carefully considered for inclusion in our publications.

Communications may be addressed to the Director of the Center, or to the undersigned at the address given.

Sincerely yours,

Esson M. Gale
